Stepping out 2010

5th – 8th July 2010

Relax and enjoy a day of fun and reflection in the beautiful setting of the Minster with your Year 6 pupils to mark their transition to secondary school. Activities are planned, resourced and led by our experienced team.

*Children think about and respond to some of the special people connected with the Minster over its 900 year history in the **Minster Trail**. They explore their feelings about moving on through a series of activities we call the '**thinking path**'. The highlight of the day is the performance and workshop by **Footprints Theatre** who retell the story of Nottingham born William Booth, founder of the Salvation Army.*

£3.50 per child; accompanying adults free.
