

2012 Risk Assessment – Minster Tower (Children's Education visits) – Addendum

- This policy is in addition to both the generic Children's Education Department Risk Assessment and that of the Minster for visits to the Tower.
- Before the tour begins a safety briefing will be given by the leader – to include
 1. Expectations of behaviour
 2. Potential hazards to look out for
 3. Instructions to hold the rails at all times
 4. To keep to the wider edge of the steps
 5. To remain quiet and calm
 6. There is to be no running or climbing

Reminders of the above will also be given during the tour at appropriate moments.

Diana Ives and Emma Anderton

Children's Education Officers
